

# The Grange Food Fact File

## Important food allergy information

**Dear Customer – please read the following important note about allergies.**

Thank you for visiting The Grange Restaurant, a new restaurant which raises funds for the charity Hearing Dogs for Deaf People.

We take allergies very seriously. However, our kitchen is small and so we cannot guarantee all our products are free from all allergens, such as nuts.

We have compiled this 'food fact file' which identifies the presence of 14 allergens in our recipes. We urge you to consult this 'food fact file' before you order your food.

If you have any doubts whatsoever about your allergy, **please do not take a risk**. Whilst we love welcoming guests to The Grange, we would prefer you choose to eat at another establishment rather than take a risk.

We are sorry, but it is impossible for any of our staff or volunteers to provide advice about your allergy, other than to ask you to consult the food fact file and make your own decisions.

We naturally would like you to join us at The Grange, but it is much more important to us that you are safe.

With kind regards,

General Manager

Artizian Catering Services Ltd.
